VOTE PIONEERS

WE CREATE THE MOST VALUE

We reinvest in the Komodo ecosystem and build a community which actively supports Komodo ecosystem. Our activities create value for all Komodo investors as we increase the influence of Komodo on the blockchain industry.

JOIN PIONEERS HELP KOMODO

BUSINESS

We will be in ideal position to connect businesses with our engineers or other capable people.

ENGINEERING

Help us create technical solution for projects that want to enter the Komodo ecosystem.

MARKETING

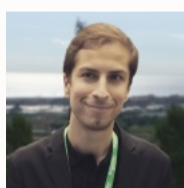

Grow a community in your local area, educate people and spread the word about Komodo.

CURRENT TEAM

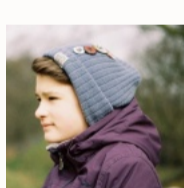

@MYLO - SYSTEMS ADMINISTRATOR

Mylo has more than 15 years of freelance experience in the IT/Telco industry. In 2003, he built the world's first open-source project that links nurse call systems to telecom networks. He also developed and operated a range of systems from e-learning platforms to telco infrastructure for ISP & ITSP. Mylo also works as a full-stack developer and manager for Komodo project itself. For Komodo Pioneers Mylo brings all his expertise ensuring top quality service and uptime for our notary nodes.

@AUDIO - MARKETING & COMMUNITY

A longtime member of the Komodo team and a crypto pioneer. Has a unique vision on building valuable communities in cryptosphere, and is interested in how horizontal structure and blockchain can benefit people & businesses.

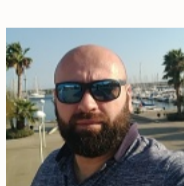

@DIESTMASTER - ASSISTANT ADMINISTRATOR

Our youngest team member and started with Komodo at the age of 16! He is the new generation and very passionate about Komodo. @Diesmaster is also part of the Komodo team.

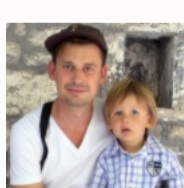

@CRYPTO6UNNY - ASSISTANT ADMINISTRATOR

@Crypto6unny is an engineer and open source fanatic. Got into crypto too late, but right on time for Komodo. He will be maintaining servers and helping elsewhere when time allows.

@LUBO - EVENTS & ASSISTANT ADMINISTRATOR

Well-known and active member of the community. Always in Slack and on Twitter and promoting Komodo all over Europe.

@BARV - MEDIA & ASSISTANT ADMINISTRATOR

Open Source advocate since the nineties. Always involved in open source software and web-based development in some way. He is now integrating crypto into all his projects.
